

Chemistry Department Scholarship (Approximately \$500 this year)

Criteria:

1. Second semester **freshman** with a signed chemistry or biochemistry major.
2. 3.00 or higher cumulative GPA.
3. Must have completed the following CMU courses by August 2009:
 - a. CHM 131 & 132 or CHM 161 (or equivalent transfer credits)
4. Must be enrolled in at least one chemistry course for Fall 2009.

Malcolm L. Filson Scholarship (Approximately \$650 this year)

Criteria:

1. Second semester **sophomore** with a signed chemistry or biochemistry major.
2. 3.00 or higher cumulative GPA.
3. Must have completed the following CMU courses (or equivalent transfer credits) by August 2009:
 - a. CHM 131 & 132 or CHM 161
 - b. CHM 211 or 331 or 345
4. Must be enrolled in at least one chemistry course for Fall 2009.

Mary Jane Merrill Scholarship (Approximately \$2000 this year)

Criteria:

1. Second semester **junior** with a signed chemistry or biochemistry major.
2. 3.00 or higher cumulative GPA.
3. Must have completed the following CMU courses (or equivalent transfer credits) by August 2009:
 - a. CHM 131 & 132 or CHM 161
 - b. CHM 211
 - c. CHM 345 & 346
4. Must be enrolled in at least one chemistry course for Fall 2009.

Wendell and Marcia Dilling Chemistry Endowed Scholarship (Approximately \$300 this year)

Criteria:

1. Recipient must be a **senior** chemistry major.
2. 3.00 or higher cumulative grade point average.
3. The award is renewable for up to 1 year of continuous full-time enrollment. Part-time attendance or withdrawal from the university will result in cancellation of the scholarship.
4. Recipient must be a U.S. citizen.
5. Recipient must be involved in Chemistry Department activities.

Fran and Jim Falender Endowed Scholarship in Chemistry (Approximately \$550 this year)

Criteria:

1. Student majoring in chemistry or cross-disciplinary program involving chemistry.
2. The award is renewable.

Frank D. and M. Virjean Johnson Endowed Scholarship (Approximately \$500 this year)

Criteria:

1. **Sophomore, junior, or senior** majoring in Chemistry, Biology, or Physics with the goal of making a career in the aforementioned sciences. This year (2009-2010) the award will be given to a student or students pursuing a degree in science education.
2. 3.5 or higher cumulative GPA.
3. The scholarship is to be based on academic achievement and not on financial need.
4. The award is renewable (must maintain a 3.5 GPA).

Howell Scholarship in the Chemical Sciences (Approximately \$750 this year)

Criteria:

1. **Sophomore, junior or senior** student with a major in chemistry, chemical engineering, polymer science, materials science, or related area.
2. Students in pre-professional programs (pre-medicine, pre-dentistry, pre-pharmacy, pre-health professions, pre-law, etc.) are not eligible for consideration.
3. Selection of recipient will be based solely on the potential for significant contribution in the chemical sciences; need is not a criterion.
4. Preferably, the student will have initiated undergraduate research in the chemical sciences.
5. The scholarship is renewable.

Dr. Barbara Leiting-O'Connell Family Endowed Scholarship (Approximately \$1300 this year)

Criteria:

1. **Junior, or senior** majoring in Chemistry (1st choice), then Physics or Math
2. 3.25 or higher cumulative GPA.
3. Full-time student.
4. Demonstrated financial need.
5. Preference to students desiring to attend graduate school.
6. The award is renewable assuming continuous full-time enrollment. Part-time attendance or withdrawal from the university will result in cancellation of the scholarship (must maintain 3.25 GPA).

Paul D. Cratin Scholarship (Approximately \$4200 this year)

Criteria:

1. Admission into Department of Chemistry graduate program.
2. Pursuing MS degree in the area of physical chemistry.
